Spyros Tserkezos

FRONTEND DEVELOPER

Athens, Greece | +30 6945363533 | spyrostserkezos@gmail.com | in/spyrostserkezos | SpyroT85 | spyros-tserkezos.dev

SUMMARY

- Frontend Developer building **production-ready web applications** using **React, TypeScript, and Node.js**.
- Experienced in **authentication systems (JWT/OAuth), admin dashboards**, and full-stack apps with **E2E testing and CI/CD pipelines**.
- Hands-on backend exposure through **REST API development** with Node.js, Express, and PostgreSQL.

SKILLS

Frontend: React, TypeScript, JavaScript, CSS3, Tailwind CSS, Zustand, Framer Motion, Cypress

Backend: Node.js, Express, REST APIs, PostgreSQL, JWT, OAuth

Tools: Git, GitHub, CI/CD, Jira, Vercel, Render, Cloudinary, Docusaurus

WORK EXPERIENCE

Frontend Developer Intern — Jul 2025 – Dec 2025

Gaspar AI - Athens, Greece

- Improved UI/UX of **Admin Portal & Commercial Site** using React, TypeScript, and Tailwind CSS.
- Sole developer for docs.gaspar.ai - built and deployed full documentation site using Docusaurus covering **34+ pages** including Help Center guides and **27 integration pages** (Atlassian, Okta, ServiceNow, PagerDuty, Sentry, and more).
- Developed a **Chat Virtual Assistant widget** using Zustand and custom hooks. Live ↗
- Delivered features through **CI/CD pipelines** using GitHub.
- Collaborated in a **5-person agile team** using Git, GitHub, Jira, and Slack.

PROJECTS

Atrani Admin Panel & Store - Full Stack Platform Admin Live | Store Live | Repo

TYPESCRIPT · REACT · TAILWIND CSS · NODE.JS · POSTGRESQL · CYPRESS

- Real-time admin dashboard with **invitation system**, role-based **JWT access** control, and **analytics dashboard**.
- Stock tracking, product management, and real-time alerts.
- Store with **Google OAuth**, email verification via Brevo, product browsing, filtering, and **cart functionality**.
- **Cloudinary** image management and RESTful backend with **28 API endpoints** across auth, products, users, and admin modules.
- Full **E2E test coverage** with Cypress (login, cart, checkout, admin flows).

PortfoliOS+ Live | Repo

REACT · TYPESCRIPT · ZUSTAND · CYPRESS

- OS-like portfolio simulating a **desktop in the browser**, built with a custom **useDraggable** hook for drag/resize logic, **Zustand** for global state management (window manager, audio), and a multi-step **state machine** boot sequence.
- Full **E2E test suite with Cypress** covering OS interactions (window management, taskbar, file navigation, and shutdown flow).

Grill Gamers YouTube Bot Repo

NODE.JS · YOUTUBE DATA API · DISCORD WEBHOOKS · UPSTASH REDIS

- YouTube bot monitoring a channel and **automatically notifying Discord** via API & cron jobs.
- Built with **Node.js**, **Upstash Redis** for caching, and **Discord Webhooks** - production ready, deployed and tested with live API data.

EDUCATION

Web Designer & Video Games Developer — Oct 2022 – Dec 2025

IVT AKMI - Athens, Greece
